DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Renee Polizotto on 20 May 2004.

The application has been amended as follows:

In claim 13, line 6, part (a): Insert --EGFL6-- before the phrase "polypeptide of SEQ ID NO: 24".

It is noted that claims 25-80 were cancelled in Applicant's amendment of 28 February 2002.

Oath/Declaration

2. The oath or declaration of 28 February 2004 is defective. A new oath, declaration, or application data sheet in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the street, city, and either state or country of the post office address of each inventor. The residence and post office address information may be provided on either on an application data sheet or supplemental oath or declaration.

Conclusion

The Examiner's amendment to the claims served to clarify the claims. Applicant has the right to file divisional or continuation applications to protect the inventions in the cancelled claims.
